

# UKG Dimensions Activiti Empowerment

## Take control of your solution!

UKG Dimensions™ (formerly Workforce Dimensions™) is powered by the UKG D5 Platform™ (formerly Kronos D5™), an intelligent cloud platform, to support the next generation of workforce management. The UKG D5 Platform delivers a robust application programming interface (API) framework that provides extensibility and simplifies integration with other systems. Clients using the Alfresco Activiti™ Business Process Management platform can partner with UKG (Ultimate Kronos Group) to help their development staff understand UKG-specific workflow strategies and techniques.

Activiti Empowerment Services from UKG provides the foundational components your developers need, helping ensure they can successfully develop, modify, and support your process models and deployed workflows in the long term. Our developers bring extensive technical expertise, rich domain knowledge, and decades of experience to every engagement, helping you effectively address your business process complexity and accelerate time to value.

## Activiti Empowerment comes with remote services to make delivery easy and bolster effectiveness

Begin with self-paced classes followed by two full days of instructor-led training by one of our certified business-process-model experts.

Your certified staff will gain an understanding of UKG-specific business process models and UKG-delivered workflows.

Staff will also learn UKG-specific tips, tricks, and best practices for using configurable business processes.

## About UKG Dimensions

At UKG, we understand that great businesses are powered by great people, and we recognize the strategic advantage your workforce can bring to your bottom line. That's why we developed UKG Dimensions — a new solution that reimagines what's possible in modern workforce management and human capital management technology. Every dimension — the underlying architecture, user experience, functionality, integration, data access, delivery, and support — is designed to help you optimize your most valuable resource: your people.

## Key benefits

Add simple functions at your clock, with services sized to fit your specific needs

Address ongoing needs by training your development staff to add tweaks or create new processes that are specific to your business

Keep your project on track with direct access and guidance from UKG experts

Empower your users to tailor UKG Dimensions to meet the needs of your business
