

One touch. One record. One solution.

Unify your existing UKG Time solution with HCM and payroll for a streamlined experience.

You're already using UKG's core workforce management solutions to streamline your people processes, but did you know we offer so much more? By adding our Human Capital Management and Payroll capabilities to your solution, you can provide your employees with a one touch experience, your managers with one record of data, and your entire organisation with one solution.

One touch for your employees

A user-friendly interaction offers your employees a simple and seamless experience, boosting employee engagement and eliminating duplicate processes. By providing one UKG solution for employees to manage all their information, you can remove the complications associated with having a different system for each step of the employee life cycle.

One record for your managers

One record for your managers means cutting out the guess work with reliable, accurate, and up-to-date reporting that is easily accessible from one source. A full suite UKG workforce management, HCM and payroll solution offers your managers detailed analytics and real-time insights across your entire business - empowering them to make better informed and more strategic business decisions.

One solution for your organisation

Manual, disparate systems can result in time consuming and inaccurate processes. By enhancing your UKG workforce management system with UKG HCM and payroll capabilities, you benefit from having one unified solution to simplify and streamline all your people processes.

One touch. One record. One solution.
